Speeches in AA are sometimes like Mother Hubbards and bikinis.
The one kind covers everything but touches nothing,
while the other reveals nearly all, but what it conceals is vital.

Twelfth Step Follow-Through

More and more, I wonder whether my responsibility ever ends. Several years of successful sobriety in AA have led to my name being placed on the telephone answering service's list of members willing to accept Twelfth Step calls. Out of the dozens of calls I have made, I can count my "successes" on the fingers of one hand, and the fact has led to some serious personal-inventory taking. Just where and how have I failed so often? Is there something wrong with my approach to the still-suffering alcoholic? Perhaps I, who preach tolerance at every opportunity, have developed intolerance towards those in whom I see my former self. It is never a pleasant experience to be reminded of our own personal failings, no matter how long ago we may have changed our way of life. As I take inventory, I recall how many Twelfth Step calls I have considered completed by simply calling on a sufferer and making arrangements for him to attend a meeting, either with me or with others in a group closer to him. Can I honestly say that my responsibility ends there? Even if he lives miles away, at the other end of town, and I put him in touch with a group near him, is this itself enough? Isn't it perhaps up to me, as the man's first contact, to take a more *personal* interest in his progress? Like most of us, I have a living to make, and my time is limited. But how much of my valuable time would be taken up by a mere friendly phone call once a week? Just a friendly voice on the phone, saying, "Hi Joe, how're things going?" could be perhaps make all the difference. I recall that when I first came to AA, the fact that other people *cared* whether I stayed sober or not did make all the difference. I tell myself I don't want the newcomer to get the impression that I am "checking up" on his state of sobriety or otherwise. Isn't this a pretty weak excuse for not calling him? Isn't it better for him to get the impression that I am checking up than to get the impression that I just don't care one way or the other? I recall the last few horrible weeks before I found AA. I was so alone. Then, by simply making a phone call, I was no longer alone with my fears. Somebody cared! I think back to my early days in AA, and remember how reluctant I was to "bother" my sponsor with phone calls, but how delighted I was when he took the trouble to phone me. I remember how every contact of any kind with AA helped me in those first difficult days; how my hope and faith were renewed again and again by some simple act of kindness and interest shown by the members of my group. I have decided that my Twelfth Step responsibility does not end when I have made a house call and introduced the newcomer to a group. I must be willing to give freely of my time and to show the newcomer that I have a real desire to help *him*, that I have a real interest in *his* progress towards sobriety. Only in this way can I fulfill my responsibility, and only in this way can I repay in some small measure what AA has done for me.

STEP TWO

"Came to believe that a power greater than ourselves could restore us to sanity."

The Big Book infers that a vital spiritual experience is necessary for alcoholics to face and be rid of the obsession to drink. (p. 27) Yet, paradoxically, we are told that belief in God was not necessary to accomplish this miracle—we need only become willing to believe. (p. 46) Indeed, I found that it wasn't necessary to define God before doing the Twelve Steps, but I began to see the result of my willingness to believe several months afterward. I experienced a release from that deadly mental obsession that had plagued me for nearly thirty years! My willingness to believe came **before** doing the Twelve Steps, but my belief came **afterwards**. The evidence was indisputable—I had been released! I had experienced a "*personality change sufficient to recover from alcoholism.*" I had been in AA for about a year before the release took place (The Big Book uses the word recovered), so in AA Program language I had *had* a spiritual awakening (slow) rather than a spiritual experience (sudden) as mentioned in Appendix II. (p. 567)

The Big Book does **not** say that I must understand God, but it speaks of: "*God as we understood Him,*" in Steps 3 and 11. This simply means that we each may entertain our different views of a higher power. Although I may not understand God, I can see His **results**, i.e.: We have over two million sober alcoholics in AA and most all of us claim that God saved them from an alcoholic pit. (Including me!)

Reverend Sam Shoemaker, Bill Wilson's Oxford Group mentor, stated: "*Step two is not theological, it is evidential.*" The evidence is around the AA tables!

As I study the Big Book, I realize that certain words are used in a special and technical context not to be found in dictionaries. One of these words is "sanity." Sanity, in Big Book speak, is when an alcoholic can see and act on the truth in the matter of drink. Alcoholic insanity is when they cannot. Two examples: **Alcoholic insanity:** Jim pouring whisky into milk: "*plain insanity*" (p. 37) **Alcoholic Sanity:** Fitz Mayo who "*couldn't drink even if he would.*" (p. 57)

Someone wrote: "*The better I understand God, the less I know God.*" Came to believe is a *decision of the heart*, rather than of a *conclusion of the mind.*"

Physical Inventory Day 2020

On January 4th, 2020 the Central Office conducted their annual Physical Inventory. That means that we counted every item in our current inventory...books, pamphlets, coins, tokens...everything! Twelve very dedicated AA members from a few groups volunteered their time on a Saturday morning to help us out. We started around 9:30 that morning and finished right around noontime. Everyone was in high spirits and it was a joy to be around such enthusiastic and energetic AA members. Without their help, none of this could have been accomplished. A shout-out goes to Al B. our Board Chairperson, Robin F., Trish R., Sara K., T.J.B., Mary R. & Heather R. from the Sisters in Sobriety Group, Kara H. from the Town 'n' County Wednesday Night Group, C. V.U. from the Mad Dogs Group, Micheal R. from the Village 12 Step Group, Martin S. from the Sobriety Group and last but not least, Colin C. from the Tampa Bid for FCYPAA Committee.

THANK YOU!!! & GOD BLESS!!! 😊👏

IMAGINE SUCH A DISEASE...

If some new and terrible disease were suddenly to strike us here in America—a disease of unknown cause, possibly due to noxious gas or poison in our soil, air, or water, it would be treated as a national emergency, with our whole citizenry uniting as a man to fight it. Let us suppose the disease to have so harmful an effect on the nervous system that five million people in our country would go insane for periods lasting from a few hours to weeks or months and recurring repetitively over periods of fifteen to thirty years. Let us further suppose that during these spells of insanity, acts of so destructive a nature would be committed that the material and spiritual lives of whole families would be in jeopardy with a resultant twenty-five million persons cruelly affected. Work in business, industry, professions and factories would be crippled, sabotaged or left undone. And each year more than one and one-quarter billion dollars would need to be spent merely to patch up in some small way the effects of the disease on families whose breadwinners have been stricken. Finally let us imagine this poison or disease to have the peculiar property of so altering a person's judgment, so brain-washing him, that he would be unable to see that he had become ill at all; actually so perverting and so distorting his view of life that he would wish with all his might to go on being ill. The dread disease envisioned above is actually here. It is alcoholism.
